

# Attention all TradeNet Users

(Please direct this circular To Whom It May Concern)

12th May 2026

Our Ref: 20260512/01

Dear TradeNet® Users,

**Background** : As the Government has been working to ensure the responsible use of NRIC numbers across the public and private sectors. This includes moving away from using partial NRIC numbers for identification in the public sector. Customs would require the full NRIC (instead of the masked/partial NRIC numbers) for the “Declarant Code” to be displayed in the Cargo Clearance Permit (CCP) Printout for all permits approved.

**Effective Solution** : Changes on 1st June 2026 or latest by end June.

**Update Now** : [DeclarantCode20260503](#) or login iTradeConnect goto “Useful links/Computer Lord ITC...” to download and install into your TradeNet PC
